

Toward the Celestial City – The Lives of Tom and Linda Bear: We look like ordinary people who live in an ordinary home in an ordinary neighborhood. If you read this book, you will conclude that our lives have NOT been ordinary. On the one hand, you will read how two people made such an extraordinary mess of their lives resulting in hopeless drug addiction and an utterly ruined marriage. On the other hand, you will see how God transformed all of the garbage that we created into a glorious display of His love and power. “Behold, I make all things new.”

As you read our story, you will find some things astounding, some miraculous, some hilarious, some things uplifting and some things sad. This book bears witness to the fact that God continually makes Himself known to His children though the things He does and the way He does them. “The works of the LORD are great, studied by all who have pleasure in them” (Psalm 111:2). If it were not for His loving, providential involvement in every aspect of our lives, we would only know about Him and we would not actually know Him personally. It is our hope that this book will allow the reader to see how God has made Himself known to us personally through the events and circumstances of our lives. We believe you will be encouraged as you read about the many awesome answers to prayer which clearly demonstrate that God is powerful and actively working in the lives of His children.
